

*Ergonomic . Aesthetic . Functional*

2024 COLLECTION

Look at every  
piece of furniture  
as an individual  
sculpture...

The company believes itself as a collection of evolving capabilities, not merely as a collection of products alone. Relying on total quality management, Pace Seating has the ability to sense the market to empathize with and gain insights from customers. It has succeeded in producing chairs with a competitive edge in terms of ergonomics, aesthetical value, functionality, durability and price.

Pace Seating aims to improve the working conditions in the office, thereby increasing the productivity and efficiency of human resources. A necessary fallout of this strategy has been Pace Seating's growing clientele, ranging from small businesses to institutions, and Indian and global corporations.

# *Chatty Booth*

Acoustic Cubicle Room

In a fast-paced and often noisy world, finding a space where you can concentrate, hold private conversations, or engage in important meetings without disturbances can be a real challenge. That's where Chatty Booth steps in as the ultimate solution to elevate your workspace and personal environment. Chatty Booth is not just an acoustic cubicle room; it's gateway to a new level of productivity, focus, and tranquility. With its innovative design, Chatty Booth creates a haven of acoustic perfection, effectively shielding you from the commotion and interruptions that can hinder your work and well-being.
